INDEX TO OBITUARY NOTICES AND DEATH ARTICLES IN THE ALBUQUERQUE JOURNAL FOR THE YEARS 1960, 1961 AND 1962

INTRODUCTION

The idea for this index first came about as a result of Ms. Drew's work at the Denver Public Library Genealogy Division. That library had certain indexes and materials which are invaluable to genealogical researchers. Our new library had a fair amount to offer researchers; however, there was little for those who were searching their local "roots". With the publication of these indexes that is now beginning to change.

On her return to the Albuquerque Public Library Special Collections Branch, Ms. Drew considered what information would be most useful to those people doing local research. One of the best sources of genealogical information is, of course, the local newspaper, but there is rarely an index to those records. Therefore, she decided to create one. She directed the compilation of the vital statistics for 1925 to 1936, which is available in the library, but no extra copies were made for distribution at this time. Under her direction, the Albuquerque Genealogy Club undertook the project of further development of these indexes.

With better record keeping and reporting of county and state governmental bodies, the index of vital statistics is not nearly so urgent as in prior years. Therefore, beginning with the year 1960 the Genealogy Club of Albuquerque is undertaking the work of preparing just notices of deaths, as recorded in the obituary column of the newspaper, as well as any news article that covers a death where next of kin and other relatives are noted. This will be a great source of obtaining names of other family members, since that information is not contained in the official death certificates filed with the state.

At this time, the Albuquerque/Bernalillo County Library System has the Albuquerque Morning Journal, Albuquerque Journal and Albuquerque Tribune available on microfilm from approximately 1882 to the present. Some early issues are missing or illegible and were not indexed. Photocopies of a particular record may be obtained from these microfilm copies at the Main Albuquerque Public Library. The Special Collections Branch of the Albuquerque Public Library has newspaper microfilm for the territorial years (prior to 1912) only.

We hope that you will find this index easy to use and filled with relatives for whom you have been searching.
